Interests and Activities

Web Design and Development

- I develop and maintain both commercial and charity websites in my spare time. My portfolio site is www.sarahgoodway.com and gives details of the projects I've worked on recently.
- I keep up to date with web industry news and developments through blogs, podcasts and magazines.

Outside Web

- I listen to lots of music and go as many gigs and festivals as I can.

Other Achievements and Skills

- My MSc Dissertation won prizes from Bristol University Computer Science department for **Best Image Processing Project** and **Best Project Presentation Poster**.
